JAN-WILLEM VOS, APPOINTED AS MANAGING DIRECTOR OF NEDAL ALUMINIUM B.V.

Nedal Aluminium's Supervisory Board has today appointed Jan-Willem Vos (b. 1975) as the new Managing Director of Nedal Aluminium. Vos will begin his in duties on 1 October 2022.

"I am very happy with this new role. Nedal Aluminium is in an exciting development phase, as the company has grown and improved its profitability during the past years. This is a good starting point for the next phase in Nedal's growth strategy. I am looking forward to starting the execution together with the Nedal team," comments **Vos**.

Jan-Willem Vos, Master of Science (Environmental Science), currently acts as the Site Manager of Tata Steel Tubes in Oosterhout, the Netherlands. During his career, Vos has worked in Tata Steel's Dutch units in many demanding positions and as the General Manager of Tata Steel Packaging in Duffel, Belgium.

"The Supervisory Board is very pleased to appoint Jan-Willem Vos as the Managing Director of Nedal Aluminium. Jan-Willem has worked at Tata Steel in various expert and leadership positions during the past two decades and his extensive experience in leading steel processing factories and companies create a strong foundation for the company's further development and profitable growth in the future," concludes **Jussi Aro**, Chairman of the Supervisory Board of Nedal Aluminium.

Mika Hassinen will remain Interim Managing Director of Nedal Aluminium until Jan-Willem Vos takes up his duties as new Managing Director of Nedal Aluminium on 1 October 2022.

Timo Suuriniemi, Financial Director of the parent company Purso Group, will continue in his role as Statutory Director of Nedal Aluminium for the time being.
